

ELEV8™ Drink 2.0

Boost Your Mind & Body

ADVANCED PERFORMANCE DRINK

Unlock ancient medicinal secrets for optimal health and functioning! Our flavorful ELEV8™ Drink 2.0 is scientifically designed to help you perform cognitively and physically at a high level without the brain fog, moodiness, or other negative side effects from sugary, over-caffeinated energy drinks. Each serving is packed with potent, pure herbal, mushroom, and whole food extracts that are rich in bioavailable essential nutrients and powerful nootropic and adaptogenic properties.

Revitalize your body from the inside out with our new hydration plus NAD+ support formula—designed to replenish, recharge, and restore. This advanced blend combines essential electrolytes and cellular cofactors that work together to deeply hydrate your cells while supporting natural NAD+ production, the critical molecule that powers energy, metabolism, and cellular repair. As NAD+ levels naturally decline with age and stress, replenishing it helps enhance mental clarity, stamina, and recovery. Paired with optimized hydration, this formula helps you feel refreshed, energized, and balanced—fueling your body at the cellular level for lasting vitality and performance.

The Nature's Energy & Clarity Blend has powerful nootropic herbs and B vitamins known to naturally increase energy and stamina as well as enhance mental clarity, alertness, memory, and mood. The Adaptogen Super Blend contains medicinal mushrooms and super herbs shown to boost cognitive performance and combat the effects of physical and mental fatigue and stress. The Whole Food Nutrient Blend is made from real fruits and vegetables and is loaded with 100% natural, bioavailable phytonutrients (plant-derived vitamins) essential for overall health.

Boost Your Mind & Body!

BENEFITS MAY INCLUDE:

- Naturally Increase Energy and Stamina; Combat Fatigue
- Boost Cognitive and Physical Performance
- Enhance Mental Clarity, Focus, and Memory
- Improve Mood and Help Alleviate Feelings of Stress

PRODUCT DETAILS:

- Advanced Performance Health Supplement Drink

ADVANCED PERFORMANCE DRINK

ADDITIONAL DETAILS

The Nature's Energy and Clarity Blend is made from a synergistic mix of holistic herbs and B vitamins. It is loaded with powerful nootropics and other natural stimulants that have been used for centuries in traditional medicine to promote energy, mental clarity, and mood. In modern day practices, these natural substances continue to be used to boost brain performance and focus; create a calm, balanced energy; improve memory and alertness; and reduce brain fog. In addition, the B vitamin complex contains vitamins that are often used in combination as a natural mood-booster and to help the body stay energized throughout the day.

The Adaptogen Super Blend powerfully combines medicinal mushrooms and super herbs that have been used in ancient practices for thousands of years to amplify the mind and body. This potent super blend is rich in adaptogens, which have the amazing ability help people feel good – even when under stress. Modern research has found that adaptogens can be effective at combating physical and mental fatigue, easing feelings of depression and anxiety, and enhancing cognitive performance and mental work capacity. The protective activity of adaptogens may also help fortify the immune system as well as the body's natural ability to resist the damaging effects of stress.

The Whole Food Derived Fruit and Vegetable Nutrient Extract Blend is made from real fruits and vegetables with strong health-promoting properties and essential nutrients. The nutrition-rich concentrate is packed with natural organic compounds that are vital for overall health but that unfortunately are often depleted in modern-day diets. Plus, because it is made from real whole foods, the plant-derived vitamins (phytonutrients) are 100% natural and in their complete form making them much more bioavailable and usable by the body than synthetic vitamin supplements.
