

triGLP

Unlock the transformative power of triGLP, a proprietary, double patent-protected bioactive peptide derived from pristine Norwegian Atlantic salmon. triGLP stands apart from traditional protein supplements by activating three critical pathways simultaneously: (1) GLP-1 and GIP for enhanced metabolism and fat burning; (2) GLP-2 for superior gut health and muscle preservation; and (3) potent anti-inflammatory and antioxidant responses that promote whole-body wellness. All in a simple daily oral supplement and no painful injections!

With its unique bioactive composition, triGLP delivers rapid, clinically validated results. In just 6–8 weeks, users experienced meaningful improvements in BMI, body fat, gut integrity, inflammatory markers, metabolic efficiency—in support of a healthy, active lifestyle. This targeted, multi-pathway activation makes triGLP a powerful solution for weight loss, gut health, metabolic health, and overall vitality.

Derived from Norwegian salmon protein hydrolysate, triGLP is pure, clean, and naturally powerful. It supports faster gut healing, better glucose and oxygen utilization, improved iron stores, and enhanced insulin sensitivity. Its antioxidant and anti-inflammatory activity further protects tissues, boosts vitality, and promotes healthier aging. The result is a comprehensive upgrade to how your body performs, restores, and thrives.

Clinically Proven Weight Loss

BENEFITS MAY INCLUDE:

- Supports clinically proven weight loss and fat reduction
- Boosts energy, vitality, and whole-body wellness
- Promotes gut healing and improves nutrient absorption
- Enhances metabolic health and glucose balance
- Helps reduce inflammation and oxidative stress

PRODUCT DETAILS:

- Proprietary, double patent-protected bioactive salmon peptide
- Activates GLP-1, GIP, GLP-2 pathways
- Naturally anti-inflammatory and antioxidant rich
- Clinically backed and made with pure, clean, natural ingredients
- Manufactured by ORYGN according to pharmaceutical-grade manufacturing standards

NEXT-GENERATION BIOACTIVE PEPTIDES

For Metabolic, Gut, and Whole-Body Health

What Makes triGLP Different

triGLP is a proprietary, double patent-protected bioactive peptide derived from Norwegian Atlantic salmon. Unlike other protein supplements, triGLP's unique composition activates three critical pathways:

- **GLP-1 & GIP Activation** → Enhanced metabolism & fat burning
- **GLP-2 Activation** → Superior gut health & muscle preservation
- **Anti-inflammatory & Antioxidant Effects** → Whole-body wellness

Clinically Proven Weight Loss

- **6-7% BMI reduction** in just 6-8 weeks
- **10% body fat decrease** with zero muscle loss
- **100% fat-targeted weight loss** - not water or muscle

Gut Health & Recovery

- Reduced "leaky gut" symptoms
- Faster gut recovery and healing
- Enhanced antioxidant gene expression
- Significant reduction in inflammation markers

Metabolic Health Transformation

- **3-6%** reduction in fasting blood glucose
- **100%** improvement in muscle glucose uptake
- Enhanced insulin sensitivity for sustained energy
- **15%** reduction in inflammatory markers

Energy & Vitality Boost

- Marked increase in ferritin - better oxygen utilization
- Improved iron stores for sustained energy
- Enhanced muscle energy for active lifestyles
- Better metabolic efficiency as you age

INSTRUCTIONS: Shake well. Use .25 mL, 1-2 times daily.

SUGGESTED USE: Take in the morning and in the afternoon for best results.

CAUTION: Consult your healthcare provider before using if you are pregnant, nursing, or taking medications. Keep out of reach of children.

STORAGE: Store in a cool, dark place and avoid prolonged exposure to sunlight.

Free from Antibiotics, Additives, BSE/TSE, and Pesticides
Kosher Certified, Halal Certified, and HACCP Certified

Individual results will vary. Best if taken as part of an overall healthy lifestyle. As with many health supplements, consistent use is key to maximizing the benefits.
